

JASPER CITY SCHOOL PREVENTING EXTREMISM AND RADICALISATION POLICY

Introduction

Jasper City School is committed to providing a secure environment for students, where children feel safe and are kept safe. All adults in our school recognise that safeguarding is everyone's responsibility irrespective of the role they undertake or whether their role has direct contact with or responsibility for children or not.

In adhering to this policy and procedures staff and visitors will contribute to our school's delivery of the outcomes to all children, as set out in section 10 (2) of the Children Act 2004.

This Preventing Extremism and Radicalisation Safeguarding Policy is one element within our school's overall arrangements to Safeguard and Promote the Welfare of all Children in line with our statutory duties set out at section 175 of the Education Act 2002 (section 157 of the Education Act 2002.)

Our school's Preventing Extremism and Radicalisation Safeguarding Policy also draws on

- DfE Guidance "Keeping Children Safe in Education, 2021"
- The Prevent duty
- Channel Guidance
- Guidance in the "London Child Protection Procedures"
- DfE's "Teaching Approaches that help Build Resilience to Extremism among Young People" and
- Peter Clarke's Report of July 2014

School Ethos and Practice

When operating this policy, we use the following accepted Governmental definitions of extremism and radicalisation, which are:

'Extremism: the vocal or active opposition to our fundamental values, including the rule of law, individual liberty and the mutual respect and tolerance of different faiths and beliefs. This also includes calling for the death of members of the armed forces.'

'Radicalisation: the process by which a person comes to support terrorism and extremist ideologies associated with terrorist groups.'

Educate Against Hate:

Resources to support and equip school and college leaders, teachers, and parents with information, tools, and resources (including on the promotion of fundamental British values) to help recognise and address extremism and radicalisation in young people may be found at:

<https://educateagainsthate.com/teachers/>. The platform provides information on and access to training resources for teachers, staff and school and college leaders.

There is no place for extremist views of any kind in our school, whether from internal sources – students, staff or governors/directors, or external sources – school community, external agencies, or individuals. Our students see our school as a safe place where they can explore controversial issues safely and where our teachers encourage and facilitate this – we have a duty to ensure this happens.

As a school, we recognise that extremism and exposure to extremist material and influences can lead to poor outcomes for children and so should be addressed as a safeguarding concern as set out in this policy. We also recognise that if we fail to challenge extremist views, we are failing to protect our students.

Extremists of all persuasions aim to develop destructive relationships between different communities by promoting division, fear and mistrust of others based on ignorance or prejudice and thereby limiting the life chances of young people. Education is a powerful weapon against this; equipping young people with the knowledge, skills, and critical thinking, to challenge and debate in an informed way.

We therefore will provide a broad and balanced curriculum, delivered by skilled professionals, so that our students are enriched, understand, and become tolerant of difference and diversity and also to ensure that they thrive, feel valued and not marginalized.

We are also aware that young people can be exposed to extremist influences or prejudiced views from an early age, which emanate from a variety of sources and media, including via the internet, and at times students may themselves reflect or display views that may be discriminatory, prejudiced or extremist, including using derogatory language. Any prejudice, discrimination, or extremist views, including derogatory language, displayed by students or staff will always be challenged and where appropriate dealt with in line with our Behaviour Policy for students and the Staff Behaviour Policy (Code of Conduct) for staff.

As part of wider safeguarding responsibilities school staff will be alert to:

- Disclosures by students of their exposure to the extremist actions, views, or materials of others outside of school, such as in their homes or community groups, especially where students have not actively sought these out.
- Graffiti symbols, writing or artwork promoting extremist messages or images.
- Students accessing extremist material online, including through social networking sites.
- Parental reports of changes in behaviour, friendship or actions and requests for assistance.
- Partner schools, local authority services, and police reports of issues affecting students in other schools or settings.
- Students voicing opinions drawn from extremist ideologies and narratives.
- Use of extremist or 'hate' terms to exclude others or incite violence.
- Intolerance of difference, whether secular or religious or, in line with our Equality Policy, views based on, but not exclusive to, gender, disability, homophobia, race (ethnicity), colour or culture.
- Attempts to impose extremist views or practices on others.
- Anti-Western or Anti-British views.

Our school will closely follow any locally agreed procedure as set out by the Local Authority and/or our Safeguarding Children Partnership's agreed processes and criteria for safeguarding individuals vulnerable to extremism and radicalisation. In the event of concerns about a person becoming

radicalised, consideration will be given to using the LA Channel process. Channel is a bespoke panel, which meets to address issues of individuals who have been identified as being at risk of radicalisation but have not committed any terrorism offence. The Channel Panel meets when a referral has been made and referrals can be made by anyone.

Teaching Approaches

We will all strive to eradicate the myths and assumptions that can lead to some young people becoming alienated and disempowered, especially where the narrow approaches children may experience elsewhere may make it harder for them to challenge or question these radical influences. In our school this will be achieved by good teaching, primarily via PSHE, Citizenship, History, Geography and Religious Education, but also by adopting the methods outlined in the Government's guidance 'Teaching approaches that help build resilience to extremism among young people' DfE 2011, where appropriate.

We will ensure that all our teaching approaches help our students build resilience to extremism and give students a positive sense of identity through the development of critical thinking skills. We will ensure that all our staff are equipped to recognise extremism and are skilled and confident enough to challenge it.

We will be flexible enough to adapt our teaching approaches, as appropriate, to address specific issues, to become even more relevant to the current issues of extremism and radicalisation. In doing so we will apply the 'key ingredients' for success as set out in the Table at Page 15 of that document, see Appendix A, and we will apply the methodologies set out in that document following the three broad categories of:

- Making a connection with young people through good [teaching] design and a pupil centred approach
- Facilitating a 'safe space' for dialogue, and
- Equipping our students with the appropriate skills, knowledge, understanding and awareness for resilience.

Therefore, this approach will be embedded within the ethos of our school so that students know and understand what safe and acceptable behaviour is in the context of extremism and radicalisation. This will work in conjunction with our school's approach to the spiritual, moral, social, and cultural development of students as defined in Ofsted's School Inspection Handbook and will include the sound use of assemblies to help further promote the rounded development of our students.

Our goal is to build mutual respect and understanding and to promote the use of dialogue not violence as a form of conflict resolution. We will achieve this by using a curriculum that includes:

- PSHE & Citizenship courses
- Open discussion and debate
- Work on anti-violence and a restorative approach addressed throughout curriculum
- Focussed educational programmes

We will also work with local partners, families, and communities in our effort to ensure our school understands and embraces our local context and values, in challenging extremist views and to assist in the broadening of our pupil's experiences and horizons. We will support students who may be vulnerable to such influences (as part of our wider safeguarding responsibilities) and where we believe a pupil is being directly affected by extremist material or influences, we will ensure that that pupil is offered mentoring. Additionally, in such instances, our school will seek external support from the Local Authority and/or local partnership organisations working to prevent extremism.

At our school, we will promote the values of democracy, the rule of law, individual liberty, mutual respect, and tolerance for those with different faiths and beliefs. We will teach and encourage students to respect one another and to respect and tolerate difference, especially those of a different faith or no faith. It is indeed our most fundamental responsibility to keep our students safe and prepare them for life in modern multi-cultural Britain and globally.

Use of External Agencies and Speakers

We encourage the use of external agencies or speakers to enrich the experiences of our students; however, we will positively vet those external agencies, individuals, or speakers who we engage to provide such learning opportunities or experiences for our students. To do this we will use our Local Authority's guidance for Managing the Work of External Agencies.

Such vetting is to ensure that we do not unwittingly use agencies that contradict each other with their messages or that are inconsistent with, or are in complete opposition to, the school's values and ethos. We must be aware that in some instances the work of external agencies may not directly be connected with the rest of the school curriculum, so we need to ensure that this work is of benefit to all students.

Our school will therefore assess the suitability and effectiveness of input from external agencies or individuals to ensure that:

- Any messages communicated to students are consistent with the ethos & policies of the school and do not marginalise any communities, groups, or individuals
- Any messages do not seek to glorify criminal activity or violent extremism or seek to radicalise students through extreme or narrow views of faith, religion or culture or other ideologies
- Activities are properly embedded in the curriculum and clearly mapped to schemes of work to avoid contradictory messages or duplication
- Activities are matched to the needs of students
- Activities are carefully evaluated to ensure that they are effective

We recognise, however, that the ethos of our school is to encourage students to understand opposing views and ideologies, appropriate to their age, understanding and abilities, and to be able to actively engage with them in informed debate, and we may use external agencies or speakers to facilitate and support this.

By delivering a broad and balanced curriculum, augmented by the use of external sources where appropriate, we will strive to ensure our students recognise risk and build resilience to manage any such risk themselves where appropriate to their age and ability but also to help students develop the critical thinking skills needed to engage in informed debate.

Whistle Blowing

Where there are concerns of extremism or radicalisation, students and staff will be encouraged to make use of our internal systems to Whistle Blow or raise any issue in confidence.

Please refer to our Whistle Blowing Policy.

Child Protection

Please refer to our Safeguarding Policy incorporating Child Protection for the full procedural framework on our child protection duties.

Staff at our school will be alert to the fact that whilst extremism and radicalisation are broadly a safeguarding issue, there may be some instances where a child or children may be at direct risk of harm or neglect. For example, this could be due to a child displaying risky behaviours in terms of the activities they are involved in or the groups they are associated with, or staff may be aware of information about a child's family that may equally place a child at risk of harm. (These examples are for illustration and are not definitive or exhaustive).

Therefore, all adults working at our school (including visiting staff, volunteers, contractors,

and students on placement) are required to report instances where they believe a child may be at risk of harm or neglect to the Designated Safeguarding Lead or Head Teacher.

Role of the Designated Safeguarding Lead

The Designated Safeguarding Lead is Michelle Kintu (Head Teacher)

The Deputy Designated Safeguarding Lead is Jonathan Gulliford (Governor).

The Designated Safeguarding Lead works in line with the responsibilities as set out at Annex B of the DfE Guidance 'Keeping Children Safe in Education 2020'

The Designated Safeguarding Lead is the focus person and local 'expert' for school staff, and others, who may have concerns about an individual child's safety or well-being and is the first point of contact for external agencies

In line with Recommendation 2 of Peter Clarke's Report; In Jasper City School, the role of the Designated Safeguarding Lead will be extended, at the appropriate time, to include the responsibilities of the PREVENT strand of the Government's counter-terrorism strategy.

Training

Whole school in-service training on Safeguarding and Child Protection will be organised for staff, governors, and directors at least every two years and will, in part, include training on extremism and radicalisation and its safeguarding implications.

The Designated Safeguarding Lead will attend training courses as necessary and the appropriate inter-agency training organised by the Local Safeguarding Children Partnership at least every two years, again this will include training on extremism and radicalisation and its safeguarding implications, with updates every year.

Recruitment

The arrangements for recruiting all staff, permanent and volunteers, to our school will follow safer recruitment best practice in education settings, including, but not limited to, ensuring that DBS checks are always made at the appropriate level, that references are always received and checked and that we complete and maintain a single central record of such vetting checks.

We will apply safer recruitment best practice principles (see Appointment of Workers – Safer Recruitment Policy) and sound employment practice in general and in doing so will deny opportunities for inappropriate recruitment or advancement. ***We will be alert to the possibility that persons may seek to gain positions within our school to influence our schools character and ethos unduly.*** We are aware that such persons seek to limit the opportunities for our students thereby rendering them vulnerable to extremist views and radicalisation consequently.

Therefore, by adhering to safer recruitment best practice techniques and by ensuring that there is an on-going culture of vigilance within our school and staff team, we will minimise the opportunities for extremist views to prevail.

Role of Governing Body & Directors

The Governing Body and Directors of our School will undertake appropriate training to ensure that they are clear about their role and the parameters of their responsibilities as Governors & Directors, including their statutory safeguarding duties. The Governing Body and Directors of our school will support the ethos and values of our school and will support the school in tackling extremism and radicalisation.

In line with Recommendation 13 of Peter Clarke's report, details of our Directorship and Governing Body will be published on our school website to promote transparency.

In line with the provisions set out in the DfE guidance 'Keeping Children Safe in Education' the governing body will challenge the school's senior leadership team on the delivery of this policy and monitor its effectiveness.

Governors will review this policy regularly (every two years) and may amend and adopt it outside of this timeframe in accordance with any new legislation or guidance or in response to any quality assurance recommendations pertaining to the delivery of this policy and the overall safeguarding arrangements made.

Policy Adoption, Monitoring and Review

This policy was considered and adopted by the Governing body in line with their overall duty to safeguard and promote the welfare of children as set out in the DfE guidance 'Keeping Children Safe in Education'. Parents will be issued with a hard copy of this policy on request. This policy will also be made available to parents via the school website.

The Head Teacher will actively evaluate the effectiveness of this policy by monitoring the staff team's understanding and application of the procedures within this policy as part of their overall duty to safeguard children.
